6. Mathias Powell (Sr., Mahomet-Seymour) [6]

I am not sure how difficult the Apollo Conference Championship course was but the time of 15:52 that Powell ran was either incredibly hard or he went half throttle. He did he win by almost 30 seconds regardless of the outcome. Things will not be as smooth sailing at the Normal University Regional with Nick Dowd of Bloomington and a few others ready to pose a threat to Powell.
